

EtG - PROFICIENCY TEST 2020/2

The Society of Hair Testing is ready to launch the 2nd round of the 2020 Ethyl glucuronide Proficiency Tests for members of the SoHT. Two rounds of PT have been organized this year. The first was in May/June and the second will be in November 2020. **Members, who had already registered for the first round don't need to register again.** The registration fee for both rounds is fixed at 200 €. Members who missed the 1st round but willing to participate in the 2nd round have still to pay 200 €. The PT will be shipped beginning of November and consist of authentic hair samples.

Participants are requested to analyze the samples following the standard procedures used routinely in their laboratories, without giving the test samples special treatment. Further instructions will be given with the sample delivery. Participants will receive a certificate attesting their participation.
