

## ***EtG - PROFICIENCY TEST 2021***

The Society of Hair Testing is ready to launch the 2021 Ethyl glucuronide Proficiency Tests for members of the SoHT. Two rounds of PT will be organized, the first in May/June and the second in October/November 2021. Your registration will be valid for both rounds. The registration fee for one year (one or two rounds) is fixed at 200 €; you can not register for one round only. The samples of PT round 1 will probably be shipped begin of May and consist of authentic hair samples.

Participants are requested to analyze the samples following the standard procedures used routinely in their laboratories, without giving the test samples special treatment. Further instructions will be given with the sample delivery. Participants will receive a certificate attesting their participation.
